

Technology:

- GMOs - high yield crops
use inorganic fertilizers
(rather than organic)
↳ ~~made~~ inorganic
made from fossil
fuels.
- Terracing - create new
arable land on mountains
- use satellite images.

Increasing Agricultural Production

Change Behavior:

- Farm land more
intensely
- Change People's
diet

- Aquaculture
- Urban Agriculture

Green - 1970s - GMOs
Revolution Fertilizers
Pesticides
